1. Character Classes

Choose your class wisely - it determines your playstyle and base stats!

Class	Description	Health	Attack	Defense	Speed	Luck
Street Soldier	Hardened fighter from the streets. Balanced stats.	120	15	12	10	8
Hacker	Tech genius with digital skills. High speed & luck.	80	10	8	18	15
Enforcer	Brutal powerhouse. Maximum attack & health.	150	20	10	6	5
Ghost	Silent assassin. Critical hits & evasion specialist.	90	18	6	16	12

> **Tip:** Street Soldier is recommended for beginners due to balanced stats. Ghost excels at dealing critical damage, while Enforcer can tank hits with high HP.

4. Territory System

Territories are real-world locations you can capture and own. Build your empire by controlling the streets!

How Territories Work

- **Size:** Each territory is 338m × 338m
- **Names:** 1,600+ unique procedurally generated names
- **Colors:** Unclaimed = Gray, Owned = Player's unique color

Capturing Territories

1. **Move within range** (~100m) of an unclaimed territory
2. **Tap the territory** marker on the map
3. **Fight the territory boss** (NPC defender)
4. **Win** to claim ownership

Territory Benefits

Benefit	Description
Passive Income	~$30 per territory over time
XP Reward	+50 XP on capture
Reputation	+10 Rep on capture

Visual Ownership	Your color & avatar displayed on map

Challenging Owned Territories (PvP)

If a territory is owned by another player, you fight their stats instead of an NPC boss. The winner takes ownership of the territory.

5. Battle System

Combat in Street Legends is turn-based. Defeat enemies to earn XP, cash, and loot!

Starting a Battle

- Find **enemy markers** (skulls) on the map
- Enemies spawn based on your level (±1 level range)
- Tap enemy → View stats → Press "FIGHT"

Combat Actions

Action	Description	Cost
Attack	Basic attack using your Attack stat	Free
Skill	Use equipped skill for special effects	Energy
Defend	Reduce incoming damage by 50%	Free
Flee	Escape battle (may fail)	Free

Combat Mechanics

Mechanic	Formula
Base Damage	Attack - (Enemy Defense ÷ 2)
Miss Chance	10% base, reduced by Luck (min 5%)
Crit Chance	5% base + (Luck × 1%)
Crit Damage	2x normal damage
Skill Miss	Only 5% chance

Battle Rewards

Outcome	Rewards
Victory	XP, Cash, possible item drop, Reputation
Defeat	Lose some HP, no rewards

Flee	No rewards, escape to safety

6. Enemy Tiers (10 Total)

Enemies scale with your level. Each tier has regular enemies and a powerful boss.

Tier	Levels	Regular Enemies	Boss
1	1-10	Thug, Gangster, Criminal, Villain, Bandit	The Kingpin
2	11-20	Assassin, Thief, Hoodlum, Pirate, Bully	Vinnie The Viper
3	21-30	Offender, Hood, Mobster, Gangsta, Hooligan	Don Corleone
4	31-40	Goon, Ruffian, Gang Banger, Tough Guy, Gorilla	El Chapo
5	41-50	Punk, Rough Neck, Rowdy Person, Yardie, Perpetrator	Tony Montana
6	51-60	Vigilante, Scoundrel, Robber, Toughie, Felon	Pablo Escobar
7	61-70	Outlaw, Crook, Cutthroat, Brigade, Mafioso	The Joker

9	81-90	Highway Man, Gunman, Vandal, Pick Pocket, Swindler	Thanos
10	91-100	Malefactor, Bravo, Delinquent, Maniac, Psycho	The Godfather

Enemy Stats Formula

- **Health** = (80 + Level × 18) × Boss Multiplier
- **Attack** = (8 + Level × 3.2) × Boss Multiplier
- **Defense** = (5 + Level × 1.8) × Boss Multiplier
- **Boss Multiplier** = 1.3 (bosses), 1.0 (regular)

7. Bank Robbery System

High risk, high reward! Rob banks for big cash payouts.

- Find **bank markers** ( ) on the map
- Rob the bank for a **50/50 chance** heist
- **Success:** Big cash reward
- **Failure:** Lose some cash and take damage

8. Leveling System

Gain experience (XP) to level up and become stronger!

XP Sources
